SUBJECT: Violation of Court Decree  
Stream Pollution Control Board  
vs.  
City of East Chicago  
Cause No. C77-2271

On November 14, 1977, Judge Felix Kaul, Lake County Circuit Court, decreed that the City of East Chicago undertake six steps to bring the East Chicago dump and the East Chicago incinerator into compliance with State regulations. Recent inspections have revealed that the City of East Chicago has failed to comply with the above court decree.

Eric Servaas represented the Stream Pollution Control Board on this case and is no longer available. Would you please appoint another attorney to resolve this matter.
